

CITY CHURCH BALTIMORE : SUMMER MISSION TRIP INFO

Have you been wanting to take you students on an inner city mission trip in the U.S.? Have you been looking for ways to partner with the local church to do ministry that will have longer lasting impact after your team leaves? Baltimore may be the city you've been looking for.

City Church Presbyterian is a church plant in the historic Roland Park district of Baltimore city. Although we are a smaller congregation we love to bring outside missions groups into the city to serve alongside of us with our diverse partners. Youth groups that have come in the past, have had the opportunity to work with inner city students from low socio-economic areas, clean up urban forests and green spaces, sort and deliver food for the poor, and clean apartments for mixed income housing projects. All the projects that we send students out on, are in partnership with local non-profits and organizations.

WHAT TO EXPECT

When it comes to logistics, missions trips can be a nightmare sometimes. Teams that come to City Church can expect housing at The University of Notre Dame Maryland, some dinner meals provided by the church, a meeting space to debrief and have worship, Daily missions projects, free time to explore the city, a guided prayer walk, and a chance to worship with our congregation on Sunday morning. The idea is for missions to come *from* the church *to* the community *for* the glory of God.
